

Partial Correction of the Integrated Report "VALUE REPORT 2023" and Other Reports

Some figures in the Integrated Report "Value Report 2023" and "Sustainability Data Book 2023" published in September 2023 were incorrect. We apologize for the inaccuracies and hereby provide the following corrections.

1. Value Report 2023

p.22 Natural Capital Renewable energy usage

Error:2,615 MWh Correction:2,714 MWh

p.102 Main Environmental Data 2023/03

item	incorrect	correct
Total energy usage (GJ)	1,156,005	1,156,362
- Electricity (1,000 kWh)	77,228	77,327
In-house renewable energy usage	2,615	2,714

2. Sustainability Data Book 2023

p.13 Installation of Solar Panels Kanto P&M Center, Annex B

item	incorrect	correct
Actual Power Generation (MWh)	431	530
Projected Reduction Effect (t-CO ₂)	162	199

p.14 Related Data 2023/3

item	incorrect	correct
Total energy usage (GJ)	1,156,005	1,156,362
- Electricity (1,000 kWh)	77,228	77,327
In-house renewable energy usage	2,615	2,714
